

JFC SUMMER SOCCER CAMPS SAFETY PROCEDURES AND MORE:

- All soccer camps will be held outside, rain or shine. However, if there is severe weather we may move a camp time back.
- A MAXIMUM of 30 registrants will be allowed per camp. If we have an overhaul of kids, we will add an additional time slot. This will allow for us to spread the kids out, and be able to social distance them. Kids will be split up by age group.
- Masks will be OPTIONAL for kids. We understand that it can be very difficult to play sports while wearing a mask, so it will not be required, but kids may wear them if they so choose.
- Parents/Spectators ARE ALLOWED but we ask that you social distance yourselves from others outside of your family/household.
- Hand sanitizer will be available outside.
- Bathrooms will be available, BUT we strongly encourage everyone to use their restroom at home before coming, to minimize the number of kids using the restroom. Restrooms will be sanitized before every session. If parents are present, we will ask them to take their kids to the restroom.
- We will be checking every participant's temperature when they come to camp each day. If your child is running a fever they will NOT be allowed to participate.

IF YOU CHILD IS SICK, PLEASE KEEP THEM HOME. Now more than ever, we need to stay home when we are sick. Proportional refunds will be given to any participant missing a day because of illness. Don't risk it!

BE PREPARED:

We are asking every participant to bring their own water bottle (or your choice of drink). Please also make sure your child uses the bathroom before they come. If you need to borrow a soccer ball they will be provided.
