

Jackson Friends Youth Soccer (K-6) Rules and Regulations

General Rules of Play for All Divisions (K-6th)

- Each match begins with a kick-off in the center circle, to start a quarter/half and after scored goals. No players from the defending team may be inside the circle for kick off.
- Teams will rotate starting with the ball at the beginning of each quarter/half.
- Goal scoring: For safety purposes for Grades K-3, all initial shot attempts at goal should be taken outside the goal arc (to prevent kids running into the goal). Rebound shots inside the goal arc are allowed but if the ball comes to a stop inside the goal arc or is caught in between multiple players the referee will blow his whistle which will result in the defense taking a goal kick. Defense CANNOT stand inside the goal arc, to prevent puppy-guarding .This rule is in place so that young players are not clustered up in front of the goal aimlessly kicking at each other to try to score/clear the ball.
- Fouls will result in a free kick for the team fouled. Fouls include but are not limited to any handballs, act of unsportsmanlike conduct on an opponent, and especially slide tackling. Any foul occurring inside the penalty box against the defense will result in a penalty kick for the offensive player. For grades K-3rd this will be one attempt on goal from the penalty spot. If made on attempt, it is a goal. If missed or does not reach goal, the defending team takes possession for a goal kick. At the 4th-6th grade level, goalie is in the net for PK's and as soon as the offense takes the PK it is a live ball, unless scored or ball goes out of bounds.
- As per US Youth Soccer, there is no offsides for divisions K-3rd. BUT for the 4th-6th Grade Division there will be offsides called, but called more loosely. Players just a few feet offside will not be called but offsides that are very obvious or egregious will be called, or if a player knowingly continues to do it to seek an advantage.
- To reemphasize, slide tackling is not allowed at any division level! Players must be on their feet and avoid making contact with opponents. At this age level slide tackling can be dangerous for youth and will not be used in the league. Players may however slide to intercept a ball or stop a ball from going out of bounds but they cannot make contact with another player. Players who are called for one (if severe enough) or more slide tackles in a match may have to sit out for a period of time in said match or beyond.
- Corner Kicks: When the defending team kicks/touches the ball out of bounds on their own goal line, the ball should be placed inside the corner arc on the side it went out-of-bounds. The offense then has one player take the kick, while the defense has to be at least 5 yards away from the corner kicker.
- Goal Kicks: When the offensive team kicks the ball past the defense's goal line or if the ball comes to a stop within the goal arc (including trapped in between multiple players), it will result in a goal kick for the defending team. The ball can be placed anywhere inside the penalty box to start the kick. For K-3rd divisions defending players must retreat to midfield until the ball is kicked. For 4th-6th grade division, the defense must be 10 yards away from the kicker.

- Throw-ins: When the ball goes over the sidelines, the last team to touch it loses possession and the opposing team takes a throw-in. The player who takes the throw-in must throw the ball from over their head with both feet touching the ground. Defensive players must be at least two yards away from the thrower. Throw-Ins will be used after substitutions, while other restarts at the beginning of quarters or of a half will start in the center circle.
